Attorneys for Plaintiff
CELEBRATION IP LLC

**UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA
SAN FRANCISCO DIVISION**

CELEBRATION IP LLC,

Plaintiff,

v.

TENERGY CORPORATION,

Defendant.

Case No. _____

**ORIGINAL COMPLAINT FOR
PATENT INFRINGEMENT**

DEMAND FOR JURY TRIAL

ORIGINAL COMPLAINT FOR PATENT INFRINGEMENT

Plaintiff Celebration IP LLC ("Plaintiff"), through its attorneys, complains of Tenergy Corporation ("Defendant"), and alleges the following:

PARTIES

1. Plaintiff Celebration IP LLC is a corporation organized and existing under the laws of Texas that maintains its principal place of business at 6009 W Parker Rd, Ste 149 - 1091, Plano, TX 75093-8121.

2. Defendant Tenergy Corporation is a corporation organized and existing under the laws of California that maintains an established place of business at 436 Kato Terrace, Fremont, CA 94539.

JURISDICTION

3. This is an action for patent infringement arising under the patent laws of the United States, Title 35 of the United States Code.

4. This Court has exclusive subject matter jurisdiction under 28 U.S.C. §§ 1331 and 1338(a).

5. This Court has personal jurisdiction over Defendant because it has engaged in systematic and continuous business activities in this District, and is incorporated in this District's state. As described below, Defendant has committed acts of patent infringement giving rise to this action within this District.

VENUE

6. Venue is proper in this District under 28 U.S.C. § 1400(b) because Defendant has committed acts of patent infringement in this District, has an established place of business in this District, and is incorporated in this District's state. In addition, Plaintiff has suffered harm in this district.

PATENT-IN-SUIT

7. Plaintiff is the assignee of all right, title and interest in United States Patent No. 6,346,795 (the "'795 Patent"); (the "Patent-in-Suit"); including all rights to enforce and prosecute actions for infringement and to collect damages for all relevant times against infringers of the Patent-in-Suit. Accordingly, Plaintiff possesses the exclusive right and standing to prosecute the present action for infringement of the Patent-in-Suit by Defendant.

The '795 Patent

8. The '795 Patent is entitled "Discharge control circuit of batteries," and issued 2/12/2002. The application leading to the '795 Patent was filed on 1/26/2001. A true and correct copy of the '795 Patent is attached hereto as Exhibit 1 and incorporated herein by reference.

9. The '795 Patent is valid and enforceable.

COUNT 1: INFRINGEMENT OF THE '795 PATENT

10. Plaintiff incorporates the above paragraphs herein by reference.

11. **Direct Infringement.** Defendant has been and continues to directly infringe one or more claims of the '795 Patent in at least this District by making, using, offering to sell, selling and/or importing, without limitation, at least the Defendant products identified in the charts incorporated into this Count below (among the "Exemplary Defendant Products") that infringe at least the exemplary claims of the '795 Patent also identified in the charts incorporated into this Count below (the "Exemplary '795 Patent Claims") literally or by the doctrine of equivalents. On information and belief, numerous other devices that infringe the claims of the '795 Patent have been made, used, sold, imported, and offered for sale by Defendant and/or its customers.

12. Defendant also has and continues to directly infringe, literally or under the doctrine of equivalents, the Exemplary '795 Patent Claims, by having its employees internally test and use these Exemplary Products.

13. The service of this Complaint upon Defendant constitutes actual knowledge of infringement as alleged here.

14. Despite such actual knowledge, Defendant continues to make, use, test, sell, offer for sale, market, and/or import into the United States, products that infringe the '795 Patent. On information and belief, Defendant has also continued to sell the Exemplary Defendant Products and distribute product literature and website materials inducing end users and others to use its products in the customary and intended manner that infringes the '795 Patent. Thus, on information and belief, Defendant is contributing to and/or inducing the infringement of the '795 Patent.

15. **Induced Infringement.** Defendant actively, knowingly, and intentionally has been and continues to induce infringement of the '795 Patent,

1 literally or by the doctrine of equivalents, by selling Exemplary Defendant
2 Products to their customers for use in end-user products in a manner that infringes
3 one or more claims of the '795 Patent.

4 16. **Contributory Infringement.** Defendant actively, knowingly, and
5 intentionally has been and continues materially contribute to their own customers'
6 infringement of the '795 Patent, literally or by the doctrine of equivalents, by
7 selling Exemplary Defendant Products to their customers for use in end-user
8 products in a manner that infringes one or more claims of the '795 Patent.
9 Moreover, the Exemplary Defendant Products are not a staple article of commerce
10 suitable for substantial noninfringing use.

11 17. Exhibit 2 includes charts comparing the Exemplary '795 Patent
12 Claims to the Exemplary Defendant Products. As set forth in these charts, the
13 Exemplary Defendant Products practice the technology claimed by the '795 Patent.
14 Accordingly, the Exemplary Defendant Products incorporated in these charts
15 satisfy all elements of the Exemplary '795 Patent Claims.

16 18. Plaintiff therefore incorporates by reference in its allegations herein
17 the claim charts of Exhibit 2.

18 19. Plaintiff is entitled to recover damages adequate to compensate for
19 Defendant's infringement.

20 **JURY DEMAND**

21 20. Under Rule 38(b) of the Federal Rules of Civil Procedure, Plaintiff
22 respectfully requests a trial by jury on all issues so triable.

23 **PRAYER FOR RELIEF**

24 WHEREFORE, Plaintiff respectfully requests the following relief:

- 25 A. A judgment that the '795 Patent is valid and enforceable;
26 B. A judgment that Defendant has infringed, contributorily infringed,
27 and/or induced infringement of one or more claims of the '795 Patent;
28

- 1 C. An accounting of all damages not presented at trial;
- 2 D. A judgment that awards Plaintiff all appropriate damages under 35
- 3 U.S.C. § 284 for Defendant's past infringement, and any continuing or
- 4 future infringement of the Patent-in-Suit, up until the date such
- 5 judgment is entered, including pre- or post-judgment interest, costs,
- 6 and disbursements as justified under 35 U.S.C. § 284 and, if necessary,
- 7 to adequately compensate Plaintiff for Defendant's infringement, an
- 8 accounting:
- 9 i. that this case be declared exceptional within the meaning of 35
- 10 U.S.C. § 285 and that Plaintiff be awarded its reasonable attorneys'
- 11 fees against Defendant that it incurs in prosecuting this action;
- 12 ii. that Plaintiff be awarded costs, and expenses that it incurs in
- 13 prosecuting this action; and
- 14 iii. that Plaintiff be awarded such further relief at law or in equity as
- 15 the Court deems just and proper.
- 16

17 Dated: May 29, 2020

Respectfully submitted,

18 /s/ Steven W. Ritcheson
